In Memory by Melissa Barone

Five days after I had to say goodbye to my girl, I received a birthday card from her. It helped ease the pain, and I wanted to share it with everyone in memory of her.

Mom,

Dude is helping because you never taught me to write, so I'm telling him what to say.

I wanted to write you happy birthday and say goodbye for now. Good humans say dogs have unconditional love...come on, DUH...it's because unlike you humans, we only have a short time to love. My god friends tell me only every once and a while, a human loves you back unconditionally and if so, you are a lucky dog. I am a LUCKY BULLDOG!

I probably won't write or send card again 'cuz I'm not sure I can reach the Dude to translate...but here is the deal. Don't be sad or cry in my absence because I know I have a huge chunk of your heart and will always be there as long as you live.

So until you are done, I will wait for you by the river. Hope it's ok but I asked the Dude to join us too. And Mom, chasing bubbles makes me hungry, when you join me will you bring some biscuits and cheese balls and maybe a beer or two for the Dude.

*Love you,
Snappy Dresser*
